

COMPETITION RULES & REGULATIONS: 27th & 28th June 2020

General Rules – Applies to ALL categories

Entry to the competition may close earlier than stated date due to limited places

Once you have made your payment please email debbic@ichf.co.uk by 1600 BST 19th June 2020 with your order reference number, name, country, category and up to 3 good quality clear images.

You may enter a favourite cake previously created but it must not have previously or simultaneously entered any awarded competition at shows or online.

Entries must be the genuine, unaided work of the *individual* who has entered (unless entering a category that specifies otherwise). If it is proven the individual did not complete the entry unaided, they will be disqualified.

- Entries into incorrect classes and therefore Not To Schedule will be disqualified.
- A maximum of 3 good quality clear images are required per entry
- **Poor quality images of your entry will lose considerable marks.**
- Entries must not be entered into any other awarded competition worldwide at shows or online (including Cake International) If proven, the entry will be disqualified. This applies to previous competitions or simultaneous competitions.
- Entries cannot be shown on any social media sites until judging has completely closed, otherwise your exhibit will be disqualified.
- Entries that do not comply with the schedule, will be marked as Not To Schedule (NTS/ disqualified).
- Safety Seal, Cold Porcelain and Artista Soft are **not** permitted in any class.
- Only mediums/materials that are specified in each class are permitted.
- Boards must be covered in an edible medium and edged with ribbon.
- Ribbon is **not** permitted on the exhibit/entry itself unless specified in the category.
- Corn silk, noodles and pasta is not permitted on the exhibit/entry itself unless specified in the category.
- Floral entries may be presented differently, as stated in the schedule.
- Unless otherwise stated, ALL dummies/cakes/exhibits must be on a cake board or drum minimum 0.5" (12.5mm) thick and maximum 1.5" (3.81cm) thick. If the boards are more than 1.5" (3.81cm) thick, they will be deemed to be a cake dummy.
- If dummies are used, no part of the dummy must be exposed.
- Where dummies are allowed they must be treated as real cake, using food safe products and posy picks, apart from the Decorative Exhibit, Head Judge's Wild Card categories as these categories are not intended for consumption but to display the skills and techniques using edible mediums.
- Artificial decoration: commercial cake toppers (e.g. Plastic/porcelain bride/groom, non-edible 'Happy Birthday' signs etc) are **not** permitted whatsoever. Lights are not permitted on the exhibit itself unless specified in the category.
- Posy picks/dowels etc. must be fully inserted into the cake or dummy, so that the top edge of the posy pick/dowel is level with the icing.
- If you are using a double board, you must cover both boards in an edible medium and edge with ribbon.
- All entries should be created in line with the competition schedule – the organiser reserves the right not to display any entries it deems inappropriate. All entries, regardless of their theme or content will still be judged and receive any relevant certificates.

- If your piece has writing or inscription in a language other than English then a full translation must be provided to the organisers noting the competition number it relates to. This must be emailed to ICHF when you email your entry images. The organiser reserves the right to remove any entries that contain inappropriate language or that will cause offense. Your entry will still be judged in line with the competition schedule but will not be displayed on our website or during our On Screen show.
- If an entry is removed from the competition for whatever reason the organisers/judges deem fit, this is not the same as being disqualified, you will only receive a Not To Schedule placing if you are disqualified. All entries will receive certificates and associated prizes if they are awarded by the judges.
- The organiser reserves the right to remove any competition entry if they receive complaints about its theme or design.
- Cake International is an inclusive environment and is a platform for cake artists to develop and hone their cake decorating skills.
- Queries must be submitted to MelanieU@ichf.co.uk before 19th June 2020. No queries will be answered after this date. Queries should only relate to the rules and not individual designs. Advice will not be given on individual designs.

Helpful Points

- Be careful of fingerprints, glue marks, nail marks, even covering, thickness of sugarpaste, pencil and tool marks.
- Make sure your work is clean.
- Non-edible decoration means any decoration made wholly or in part from any non-edible material.
- If a height restriction applies, include the board and measure from the table upwards.
- If using a vase in a floral class it is a good idea to place weight in the bottom of it (e.g. a stone or some damp sand in a bag) for stability.
- Remember – your images must be clear to enable the judges to see your piece.
