#### General Rules and Information

- a) When you deliver your exhibit, you'll receive your competitor pass. This gives you free entry to Cake International for the whole show — exciting!
- b) Your exhibit must be your own genuine work, created without help from anyone else (unless the category says teamwork is allowed).
- c) No social media sneak peeks! Your exhibit must not appear on any social media platform before the results are announced on our website. It's your responsibility to make sure this rule is followed.
- d) Your exhibit must not be entered into any other competition — online or at shows — before judging takes place (including Cake International).
- e) If your exhibit is removed from the display area for any reason (such as complaints or if it's considered offensive), this is not the same as being disqualified. If judges award certificates or prize money, you will still receive them.
- f) Got questions? Email [questions@ichf.co.uk](mailto:questions@ichf.co.uk) before Friday 18th September 2026. After this date, we can't answer queries.
  - Questions should only be about the rules — we can't give advice on your design or which category to choose.
  - Please do not contact judges directly, including the Head Judge.
  - You can also ask questions in our official Facebook group:  
<https://www.facebook.com/groups/ciukrulesqueriesgroup>.

### Competition Rules

*(Read these along with your category schedule!)*

These rules apply to all categories unless your schedule says otherwise. If your category allows dummies, the word “cake” means either your real cake or your dummy. No part of a dummy should be left uncovered!

---

### 1. Display Area

- Your whole display (including board and any notes) must fit within the space allowed in your schedule.
- Write your unique competitor number (given at registration) on any notes you leave.
- If there's a height limit, it's measured from the table up.

---

### 2. Boards and Bases

1. Your exhibit must sit on a proper board or stand — not directly on the table.
2. Cake cards alone aren't enough.
3. Measurements used within Cake International competitions:

### 3. Materials Allowed

- No artificial decorations, wires, plastic toppers, cold porcelain, photo printing, or lights (unless your category says you can).

### 5. Wires and Picks

- Bare wires are not allowed. All wires must be taped and inserted into a posy pick — never straight into the cake!

### Head Judge's Tips

- Watch out for fingerprints, uneven icing and messy edges.
- Keep your work clean and neat!
- Your exhibit will be viewed from every angle — make the back look as good as the front.
- If your exhibit gets damaged on the way, you can ask for a “Damaged in Transit” card at registration.
